

Galaxy Dessert Croissants: Plain and Chocolate

Freeze the croissants upon receipt; they keep 3 months frozen. Keep frozen until ready to use.

To Bake: At room Temperature

Place frozen croissants on a parchment lined baking sheet. Let rise at room temperature (68°F - 72°F) for approximately 9 hours.

Preheat an oven to 375°F.

Optional: Lightly beat 1 egg with 1 Tbs. cold water. Gently brush the croissants with the egg wash.

Bake until golden brown, about 20 minutes.

To Bake: With a proof box

Place frozen croissants on a parchment lined baking sheet. Let rise in a proof box (80°F - 90°F with 90% humidity) for approximately 2.5 to 3 hours.

Preheat an oven to 375°F.

Optional: Lightly beat 1 egg with 1 Tbs. cold water. Gently brush the croissants with the egg wash.

Bake until golden brown, about 20 minutes.
