

DOUCE FRANCE

TARTS & QUICHES HEATING INSTRUCTIONS

IMPORTANT – DEFROST BEFORE HEATING!

This product should be thawed prior to heating. **FOR BEST RESULTS**, remove product from freezer and place in refrigerator the night before the product will be consumed. The product may also be thawed at room temperature for 3 hours prior to heating.

THE LEAST DESIRABLE method of thawing is to microwave the product for approximately 5 minutes prior to heating.

OVEN: In a pre-heated oven at 375°F for approximately 4 to 5 minutes.

MICROWAVE: On high heat for approximately 2 to 3 minutes.

SMALL QUICHE HEATING INSTRUCTIONS

TOASTER OR CONVENTIONAL OVEN: Pre-heat oven to 375°F. Place quiche on a baking sheet or tray. Heat for approximately 3 to 4 minutes.

MICROWAVE: Place quiche in a microwave safe dish, set on high and heat for approximately 60 to 90 seconds.
